Re: PM Complaint# CN-202393

Dear Bobby Bob Loblaw

On January 01, 2020, you contacted the Office of the Police Monitor (PM) alleging possible misconduct by an officer of the Greenville City Police Department (GCPD or Department) for possible violations of several GCPD rules. As a result of your contact with us, PM No. CN-202393 was generated.

Among other things, the PM takes complaints and examines the GCPD's internal investigations system by conducting independent reviews of completed investigations into allegations of misconduct to determine whether they have been conducted appropriately. The PM does not conduct separate or new investigations.

We forwarded the information you provided us to the GCPD's Public Governance Bureau (PGB) as an inquiry and asked that the matter be reviewed for possible violations of the GCPD rules and regulations. You may be contacted by a representative of PGB or by an GCPD supervisor regarding this matter.

Please take into consideration that facts and/or allegations from your complaint may be used in future PM reports. If facts and/or allegations are used in future PM reports, names of witnesses, law enforcement, and complainants may be included. Once the review of your investigation has been completed, all or parts of the complaint may become public records.

Enclosed you will find a copy of the PM letter to PGB and some information about our office. If you have any questions regarding the status of the information you provided, please contact us at (641) 892-7222 or via email at policemonitor@pm.ex. Please refer to your PM No. CN-202393 when you contact our office.

Sincerely,

OFFICE OF THE POLICE MONITOR
966 Morningview Lane | Greenville, WI | 53540
Phone (641) 892-7222 | Fax (414) 335-3049
